

Colliers Wood Dialysis Unit

Hours of Opening

Monday – Saturday, 7.00 – 19.00

How to Find us

By Car

At the junction of A219 and the A24 turn right, keeping on the A24 Merantum Way. At the next roundabout take the 2nd exit staying on the A24.

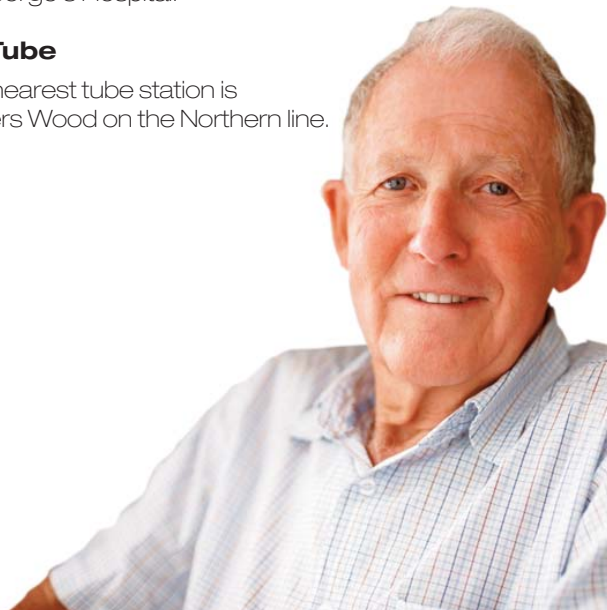

After 200 metres bear right onto Tandem Way, then after 100 metres turn left onto Prince Georges Road

You have now entered Prince Georges Road and the Colliers Wood Dialysis Unit is situated on the right side of the road.

The dialysis unit is approximately a ten minute drive to St George's Hospital.

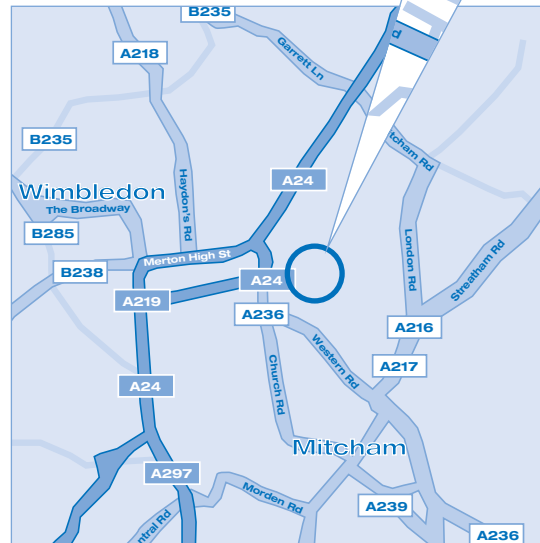

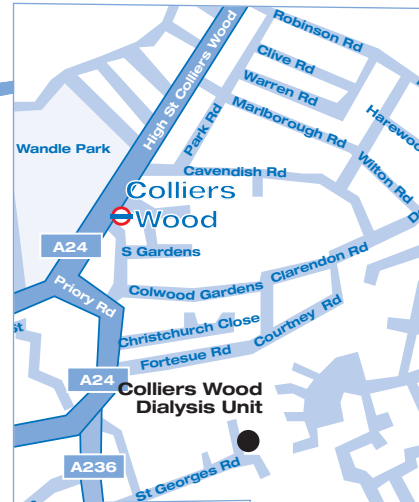

By Tube

The nearest tube station is Colliers Wood on the Northern line.

Colliers Wood Dialysis Unit

Colliers Wood Dialysis Unit

This Dialysis Centre is managed by Fresenius Medical Care Renal Services, in conjunction with St Georges Healthcare NHS Trust. Working together with another new Dialysis Centre in nearby North Wandsworth, we have received positive feedback from patients.

Through the NephroCare® programme, Fresenius Medical Care Renal Services is delivering the highest standards of patient care through fully-equipped, fully-managed dialysis units.

The Way of Caring

- 24 dialysis stations designed to provide the highest level of care and comfort for the patient
- Including 1 Isolation Room and 7 side rooms, each with their own WC facilities
- All stations fitted with a state-of-the-art 5008 dialysis machine
- Each station is provided with a fully adjustable electronic dialysis chair
- Each patient has an individual flat screen TV complete with Freeview channels and digital radio
- Free Wi-fi wireless internet connection for patients
- Dedicated entrance and 29 car parking spaces including 2 accessible spaces
- Holiday dialysis is available at this unit

GROUND FLOOR PLAN "AS PROPOSED" (1127m²)

The unit has been designed to meet the current standards for satellite dialysis units as outlined within the Department of Health's Health Building Note 07-01 and is also fully compliant with the Disability Discrimination Act (DDA) meaning that ease of access is ensured for every user.
